

HOW TO CARVE YOUR DESIGN

Happy Halloween! And thanks for downloading these pumpkin-carving patterns from Costa. Follow these simple steps to create your own jack-o'-lantern.

STEP 1:

Print the template of your choice on 8.5 x 11-inch paper.

STEP 2:

Cut a hole in the top of your pumpkin, and scoop out the pulp and seeds. For best results, scrape the walls to about 1-inch thick, so it's easier to cut.

STEP 3:

Tape your selected template to your pumpkin.

STEP 4:

Trace the design to the pumpkin by poking holes with a needle, toothpick or awl.

STEP 5:

Remove the template from the pumpkin and carve along the pattern.

STEP 6:

Place a candle or string of lights inside the pumpkin.
